

Everything offers you, in one app.

Refresh is your benefits app. It's on your phone or computer, 24/7, in the language you choose.

**Free****From day one**

You shouldn't need ten logins and a stack of flyers to get help. Refresh puts your pay, your benefits, free support services and news in one place, shaped around what matters to you.

**Stay in the know**

News, the weekly focus, and events you can sign up for in the app.

**Find what you need**

Your pay and the employee portal.

**Get involved**

Short weekly challenges, guided quests and quick check-ins.

**Earn & celebrate**

Points, gift cards, prize drawings and shoutouts for teammates.

**Explore resources**

Free help with food, rent, prescriptions, money, legal questions, mental health and careers.

**Save & discover**

A free prescription discount card and member discounts.

Most wellness apps give you articles about money and stress. **Refresh connects you to real help:** a financial coach, a pharmacy discount, a food pantry near you.

Made for you

Choose a wellness focus when you sign up, and Refresh shows the resources and challenges that fit.

HOW TO START

- 1 Scan the code or open the link in your welcome text or email.
- 2 Sign in and pick your language.
- 3 Choose a wellness focus.
